

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use in the cabin will not only increase tension among passengers, it will compromise flight attendants' ability to maintain order in an emergency. Cell phone use could also enable terrorists to coordinate a plan of action more effectively. I also do not want to sit next to someone that thinks he is very, very important and talks for an eight hour trip. It's bad enough that I have to sit next to a 300pound person! Please do not allow cell phone use on airplanes.
Please leave the current rules in effect.

Sincerely,

dorothy brehm
